Calgary homicide detective reveals *Skeletons in My Closet*

Mischievous Books is pleased to announce the release of *Skeletons in My Closet: Life Lessons From a Homicide Detective* by Dave Sweet and Sarah Graham.

This unorthodox police memoir takes readers on a ride-along like no other, revealing poignant truths about life and death, and how we can all work and live together. Danger and grit pair with humour and compassion in this gripping, fresh read.

Dave Sweet, a conservative, veteran homicide detective has teamed up with Sarah Graham, a liberal, optimistic author to write this unconventional universal life-lessons book.
